

Already Done

By: Stevie Vaughn

Every word you have spoken

Every way that you've made

Is already done

Your greatness and prophecy

Is already fulfilled in me

And manifested for all to see

Everything you've already said

All that was done

And everything that will be

Is already in the Master's Plan

Is already in your hand

All these things were already done

Before man inhabited the Earth

Before the Sun, moon, and stars

Before time itself began

Your love, your word, your Spirit

Oh, Father, you've already done it in me
